

Measurable Outcomes Table

In the ‘Accomplishment’ section of your application, provide the output amount for at least one of the quantitative accomplishment measures listed below and describe the planned activities. You may also list additional specific measurable results that show how the Federal investment will lead to outcomes on the landscape.

	Number of Activities	Cost
	Planned	Planned
<u>CWPP</u>		
Development of New CWPPs		
Updates of CWPPs		
<u>Planning</u>		
Training in mitigation practices		
Tabletop or functional exercises, testing or evaluating plan effectiveness
